

**Note:**

- \* This plan is only to be used for assessing operating heights of mobile cranes which may affect aircraft operations into or out of Brisbane Airport. The Airports Act (1996) and the Airports (Protection of Airspace) Regulations apply to Brisbane Airport airspace. Penalties apply for non-approved Controlled Activities which penetrate airspace surfaces.
- \* When operating mobile cranes near other airports in the Brisbane area or if their operation may affect helicopter operations, use the following contacts:-  
 Archerfield Airport - (Archerfield Airport Corporation) Ph 3277 5722  
 Redcliffe Airport - (Redcliffe City Council) Ph 3283 0233  
 Helicopter Operations (CASA Helicopter Operations) Ph 131 757
- \* Construction of any structure with an above ground height exceeding 110 metres (including cranes) at any location will also require approval from CASA. Contact CASA Flying Operations Ph 131 757
- \* The colour coded areas on this plan indicate areas where there is a maximum safe operating height for mobile cranes, hoists and similar equipment. Where it is required to operate mobile cranes and equipment exceeding these heights, operators are required to notify Brisbane Airport Corporation (BAC)

**LEGEND**

	NO GO AREA (CRITICAL ELEVATIONS)
	OPERATIONAL AREA All mobile cranes require approval
	Safe operating height up to 30 metres above existing ground level
	Safe operating height up to 40 metres above existing ground level
	GREEN AREA
	WATER BODY

For other areas, high mobile cranes which may impact on aircraft operations are to be referred to BAC. Crane Operator to contact BAC for advice and approval.
